WWW.PRIORITYWIRE.COM • 1-800-945-5542

Priority Wire & Cable has a complete offering of products designed to meet the demands of today's *mission critical* infrastructure where the failure or disruption of operations would have a significant negative impact. Much of this today is focused on Data Centers but can also include Hospitals, Manufacturing Facilities, Energy Storage, Power Foundries, Power Generation, and Emergency Response Centers.

With hundreds of millions of dollars in inventory spread across 22 Distribution Centers we can deliver what you need, where you need in days or hours, not weeks and months.

We also offer labor and space saving services so you can meet your time frames:

- Cut to length
- Paralleling
- Stacking/Layering
- Returnable Reels
- Just in time shipping
- Custom labeling for jobsite staging
- Pulling eyes
- Striping
